I have read and will follow District Policy IJNDB and Regulation IJNDB-R. I have specifically reviewed the sections of IJNDB-R regarding the following:

I will also consult the Parent/Student Handbook(s) for any school-specific guidelines. I am responsible for my actions regarding my use of technology. I understand that my use of the District's computer system (referred to as "EIS" in the policy and regulation) will be monitored by the District. I also understand that any violation of Policy IJNDB and Regulation IJNDB-R may result in the loss of District computer privileges and discipline up to and including expulsion.

Parent/Guardian Cosigner

For students under the age of eighteen (18), a parent/guardian must also sign this agreement.

As the parent/guardian of the below named student, I have read District Policy IJNDB and Regulation IJNDB-R and discussed them with my child. I will also consult the Parent/Student Handbook(s) for school-specific guidelines. I accept full responsibility for supervision of my child if, and when, my child uses the District's EIS not in a school setting.

I understand that it is impossible for the District to restrict access to all controversial materials, and I will not hold the District responsible for materials acquired by my child using the District's EIS. I also understand that the District is not responsible for the accuracy of any information obtained using the District's EIS.

I agree to report any misuse of the District's EIS to a school or District administrator. Misuse may come in many forms, but can be viewed as sending or receiving messages or material that is fraudulent, harassing, sexually explicit, racially offensive, profane, obscene, intimidating, defamatory, unlawful, inappropriate, unethical, or as described in Policy IJNDB and Regulation IJNDB-R.

If I allow my child to bring a personal electronic device (PD) to school, I will not hold the District responsible for any damages to the PD due to theft, loan, damage, or other loss. I understand that I am responsible for the payment of any user fees and/or data charges associated with my child's use of his or her PD that are billed to us by our service provider, even if such fees or charges are incurred in connection with the use of the PD for educational purposes.

I understand that I may prohibit my child's use of technology and the Internet by selecting "NO" below. The child will be prohibited from the use of any district provided electronic information service. This does not apply to software or technology that is used for the daily operations or administration of the district or Arizona Online Instruction programs.
